## Traditional CV

- 2:1 BEng Automotive Engineering – Loughborough University
- 1998 to 2006 –Senior Development Engineer for Ford Motor Company developing powertrain attributes for Ford Team RS, including the 2006 Focus ST and 2008 Focus RS. A very rewarding job involving significant high-speed appraisal and attribute development.
- 2006 onwards - Managing Director of Jenvey Dynamics Ltd - design, develop and manufacture Motorsport fuel injection throttle bodies and induction systems.

## 2002 to 2005 UK Formula Vee

1996 car purchased in 2002 and developed into the fastest UK Formula Vee.

Mike won 2 championships in the car which has since won a further 2 championships with Sam Olivera, being run by amateur mechanic Dave Jordan - 3<sup>rd</sup> 2009 Autosport car of the year

## 2007 to 2009 UK Sports 2000 Duratec

Gunn Ts6 Purchased in 2007. Undergone extensive modification to become the fastest ever Sports 2000.

- Dramatic improvement in driver controls
- Stiffened chassis (+40%)
- Weight reduced by 40Kg– centre of gravity moved down and rearward.
- Revised front suspension and steering geometry
- New bodywork – less drag and more downforce

**March 09r development driver in 2010**

**Other races:** 5 Britcar races, 1 SPEED race, 2 Irish formula Libra, 3 Sports 2000 Endurance.
